

Tuesday, September 17 - Unit 1 Test

Unit 1 Total of 40 points:

- 20 points for multiple choice (10 questions each worth 2 points)
- 20 points for free response questions (3 questions, with multiple parts)

You may use a graphing calculator

$$\bar{x} = \frac{\sum x_i}{n} \qquad s_x = \sqrt{\frac{1}{n-1} \sum (x_i - \bar{x})^2}$$
