

Japanese Course Sequence Outline

- * Two years of middle school study is equivalent to Japanese 1 at high school level.
- * Please google Genki-online and click link “Genki Self-study Room - Japan Times”. You can study material for Japanese 1, 2 and 3 at Southwest. The placement test material for the College In the Schools (CIS) is from Lesson 1 to Lesson 6.
- * If you go to Concordia Language Camp for 4 weeks, you may skip one high school Japanese 1 or 2.
- * Skipping Japanese 3 by attending Concordia language camps is not recommended.
- * There are various ways to accommodate individual needs to meet various purposes. I recommend at least one immersion experience to allow the student to polish and practice what they learned in class.
