Financial Aid Information

- **FAFSA**--Look for emails/letters from your institutions or log in to your FAFSA account to confirm it has processed. Sometimes students are selected for verification; this would be noted on your SAR (Student Aid Report) or via email/letter from your institution. Verification is “the process your school uses to confirm that the data reported on your FAFSA form is accurate. If you’re selected for verification, your school will request additional documentation that supports the information you reported. Don’t assume you’re being accused of doing anything wrong. Some people are selected for verification at random; and some schools verify all students' FAFSA forms. All you need to do is provide the documentation your school asks for—and be sure to do so by the school’s deadline, or you won’t be able to get financial aid.” (source: <https://studentaid.ed.gov/>)
- **Selective Service System** – Male U.S. citizens and immigrants, documented and undocumented, residing in the U.S. and its territories must register if they are age 18 through 25. Registration is the process by which the U.S. Government collects names and addresses of men age 18 through 25 to use in case of a national emergency, determined by Congress and the President, which would require rapid expansion of the Armed Forces. This process can be completed while applying for the FAFSA. www.sss.gov
- **MN Dream Act** – State Financial Aid – Students who meet the criteria in the MN Dream Act will be eligible for in-state resident tuition rates at public colleges and universities, state financial aid available to students who meet state residency requirements, and privately funded financial aid through public colleges and universities. www.ohe.state.mn.us/MNDreamAct
